

Escanaba Township Zoning and Planning Commission

Workshop 9/17/2018

Workshop meeting 9/17/2018 was called to order at 7:10 pm by Jack Penegor. Pledge of allegiance was said.

Comments on the master plan: Blow up the map of Lake Bluff as there are so many zonings and about 50% of the population lives there.

Solar farms are projected in section 20 to section 22.

We need the number of permits for 2017.

We haven't received the chapters 9 and 10. Carol will print them and they will be gone over at the next commission meeting 10/01/2018.

Next step is to submit updated plan to the township board for approval.
